 - www.justinbowman.com
 - www.virtualbiblestudy.org
 - www.amybirdsong.com
 - www.colourexplosion.com
- Live / Studio sound engineering, including mixing, setup / tear-down, equipment organization and inventory.
- Always current on emerging audio and video technologies and trends both in electronics and on the web (Devices, Software, Digital Distribution, Podcasting).

Writing

- Scripting for all Ocean's Edge School of Worship Video Productions (2006-2007)
- Screenplays for numerous short films ranging from five minutes to 30 minutes in length.
- Feature length screenplay.

Music

- Ten years experience playing both bass guitar and acoustic guitar in both live and studio settings.
- Experience with programming suites such as Ableton Live and Propellerhead's Reason.
- Experience with sound recording and mixing suite such as Apple's Logic and ProTools.

Ministry

- Russia missions trips (Dec '05 and Jun '06) to Moscow, Kaluga and Volgograd with Calvary Chapel Church Planting Mission. Performed free concerts in these cities where the gospel was presented and lives changed.
- Involved with music ministry and worship for the past ten years—beginning with high school youth groups and progressing to college age groups and youth camps. For the past three years I have been more directly involved with the worship department at Calvary Chapel that oversees music ministry needs for not only the main sanctuary, but three separate live satellite venues. I play bass guitar and acoustic guitar.
